

STOP!

Stop a big STATE parking tax hike!
As part of an Infrastructure Plan, the new Administration has proposed a new State parking tax ON TOP of the City and County parking taxes you already pay for the highest rates in the country.

The City of Chicago and Cook County already tax parking 26-31%. Now the State wants to add another 6% on that if you park daily, and 9% for monthly and annual garage parking — increasing the rates to 32-40%!

GO!

Call your State Representative and State Senator TODAY to protest the even higher parking taxes that will drive businesses out of the City and State.

Don't Wait! This proposal for the first in the nation state parking tax is now being considered in Springfield by the State House and Senate. For your representative's name and contact information, go to:

- Elections.IL.gov if you live in Chicago
- CookcountyClerk.com if you live in suburban Cook County
